In accordance with the values of Carnegie Mellon University, CMU community members are expected to behave with integrity, act honestly and ethically and to observe the appropriate health and safety measures in all campus settings.

**Facial coverings**: Fully vaccinated individuals are no longer required to wear a facial covering on campus, though they are welcome to continue doing so at their discretion.

Individuals who are not fully vaccinated for COVID-19 must wear a facial covering (sufficient to cover the nose and mouth) at all times indoors, and whenever physical distancing of 6 feet or more cannot be maintained outdoors. Exceptions include: while eating or drinking, if working outdoors during hot and humid conditions, or when alone in a private space, such as an office or enclosed vehicle. If you cannot wear a facial covering due to a medical condition, please contact either the Office of Disability Resources (students) or HR Disability Services (employees) to request an exemption.

**Daily Symptom Self-Assessment and Frequent Hand-Washing**: Fully vaccinated individuals are no longer required to participate in the One Medical Daily Symptom Self-Assessment survey. All faculty, staff, students and visitors who are not fully vaccinated must participate in the applicable CMU SV daily symptom self-assessment survey, which includes temperature monitoring, for any day they are planning to be on campus. It is strongly recommended to participate even if not planning to be on campus and fully vaccinated.

All CMU SV community members should continue to practice good hygiene, including frequent hand-washing or using hand sanitizer with at least 60% alcohol if soap and water are not available.

**COVID-19 Asymptomatic Testing**: All faculty, staff and students who have not been fully vaccinated against COVID-19 must participate weekly in CMU SV’s COVID-19 asymptomatic testing program, if you are planning to be on campus.

Asymptomatic Testing will also be available for fully vaccinated CMU community members who desire a weekly test.

**Anyone who displays COVID-19 symptoms or is diagnosed with COVID-19 must stay home.** Anyone who is not fully vaccinated who is identified as a close contact with a positive COVID-19 case must stay home. Employees and students who have received a positive COVID-19 diagnosis or have had close contact with a COVID-19 positive individual should
inform the Director of Operations (steven.rosenberg@sv.cmu.edu) and follow any applicable self-isolation or quarantine requirements.

Visitors, contractors and other persons who are planning to be on campus and received a positive COVID-19 diagnosis or close contact exposure within 10 days of their time on campus must inform their local supervisor or CMU host. The supervisor or CMU host will inform the Director of Operations (steven.rosenberg@sv.cmu.edu) to initiate communication protocols.

**In-person Meetings and University-Sponsored Events: Indoor & Outdoor**

In-person meetings and university-sponsored events may be permitted by request to the Director of Operations, Steven Rosenberg (steven.rosenberg@sv.cmu.edu).

Exceptions to the minimum requirements may only be made with the approval of the COVID-19 coordinator.
